SUMMARY

I am a passionate Front-End Developer in training, currently enhancing my skills in Node.js and modern web technologies. With a solid foundation in HTML, CSS, Bootstrap, JavaScript, jQuery, and MySQL, I enjoy creating responsive, user-friendly, and efficient web applications.I have hands-on experience in building projects such as billing systems, interactive forms, and dynamic websites, and I regularly use GitHub to manage and showcase my work. Currently, I am learning full-stack development with guidance from A2Z IT HUB Pvt. Ltd., where I am mentored by Nilesh Borkar and Rahul Misal.My career goal is to grow as a full-stack web developer and contribute to building innovative, scalable solutions that make a positive impact. I am eager to collaborate with teams, learn continuously, and take on challenging projects in the IT industry.
